

Several major scams of photovoltaic panels

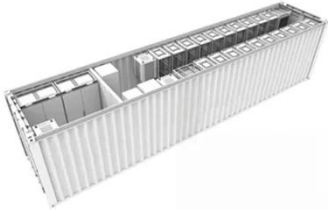

Overview

Did a salesperson knock on your door and promise free rooftop solar panels at no cost to you?

Or say you'll never have to pay another electricity bill because government programs, grants, or rebates cover your solar installation?

It's likely a scam. In the worst cases, homeowners have been left making payments on overpriced systems that don't work, with little to no support from the installation company that put the panels on their roof. To avoid getting scammed, you need to know what to look out for and when to walk away. Here's our guide to. Demand for solar-powered home systems has increased rapidly in the last several years. Scams, schemes and straight-up fraud abound in the dark underbelly of an otherwise light-filled industry. While there are still many honest. Solar panel scams are fraudulent or deceptive practices that unethical companies or individuals employ to take advantage of homeowners.
