Start here Where to buy Company Careers Company Profile Newsroom Investors. A circuit breaker is an essential component of any electrical system as it helps prevent electrical injuries and fires. alfanar electric provides miniature circuit breakers (MCB), molded-case circuit breakers (MCCB), and residual circuit breakers with overload (RCBO) for low-voltage electrical. The three basic components in your electric panel are the main breaker - MCB (MCB = miniature circuit breaker), main GFI (Ground-fault Interrupter), and all the breakers (MCB) that control all the different lines in your home. Of course you may have various other components such as a contactor. Aira Trex Solutions India Pvt Ltd is the best providers of Circuit Breakers in Israel.
