

Solar container lithium battery energy storage power station in Toronto Canada

Lithium Solar Generator: \$150

Overview

Toronto, Ontario – The Oneida Energy Storage Project has officially commenced commercial operations, becoming the largest grid-scale battery energy storage facility in operation in Canada and one of the largest globally. Lithium batteries are CATL brand, whose LFP chemistry packs 1 MWh of energy into a battery volume of 2. The project is located on 50+ acres of land and will provide significant benefits to the overall Ontario electricity system.
