Get access now or request a custom list. Colombia is the third most populous country in Latin America. Its major industries include textiles, food processing, petroleum, clothing and footwear, consumer appliances, beverages, chemicals, cement, automobiles, gold, coal, and emeralds. For further information on the types of business entities, Colombia is home to many major companies across software, financial services and more. Like many Latin American countries, Colombia has experienced significant growth in its tech and information technology sectors and is still proving to be a hotbed for new initiatives.
