

# Square tube plug for photovoltaic bracket

## Overview

---

End caps and plugs for square tubing available in various sizes and materials. Please make sure you measure the outside of your tube when referencing our sizing information. Also, note the "Tube Wall" specified for each plug to make sure it will be compatible with your particular tube. Need help?

. SQR Series square plugs feature a series of externally tapered ribs designed to accommodate a wide range of tubing gauges while also satisfying the fit adjustments on tubing with inside dimensional fluctuations. Note: Micropack sizes have a minimum 3 day lead time. Enter minimum and maximum. Great kit for a great price! It comes with a bunch of different size grommets, and plenty of each size. see all reviews These are really nice inserts! I needed 4 of these inserts to allow me to attach a lazy-susan swivel mount to a drum th. some solar panel kits may use single panel brackets. Poly tube plugs are ideal for office and patio furniture, tubular racks, appliances, exercise equipment, or anywhere a finished look is needed.

- 
**Efficient Higher Revenue**
  - Max. Efficiency 97.5%
  - Max. PV Input Voltage 600V
  - 150% Peak Output Power
  - 2 MPPT Trackers, 150% DC Input Oversizing
  - Max. PV Input Current 16A, Compatible with High Power Modules
- 
**Intelligent Simple O&M**
  - IP65 Protection Degree: support outdoor installation
  - Smart I-V Curve Diagnosis Function: locate PV string faults accurately and automatically detect faults
  - DC & AC Type II SPD: prevent lightning damage
  - Battery Reverse Connection Protection
- 
**Flexible Abundant Configuration**
  - Plug & Play, EPS Switching Under 10ms
  - Compatible with Lead-acid and Lithium Batteries
  - Max. 6 units Inverters Parallel
  - AFCI Function (Optional): when an arc fault is detected the inverter immediately stops operation

## Square Tube Caps , McMaster-Carr

Designed to finish off the ends of square metal tubing, these plugs cover rough edges and block dirt and debris. Push into place and then drive with a hammer to secure.
