

# Tallinn community uses 200kWh off-grid solar container

**51.2V 300AH**

## Overview

---

OÜ Prategli Invest is building a solar energy storage device in Tallinn, where it will store energy from a solar farm production plant located on the roof of a warehouse complex. The project received a grant of EUR 273,500. The six companies are Utilitas Tallinn, Utilitas Estonia, Sunly Solar, Prategli Invest, Five Wind Energy, and Eesti Energia, and three out of the ten are heat storage projects, with the remainder for storing electricity. Is Tallinn a smarter & greener grid?

a medieval city where cobblestone streets. Container energy storage systems (CESS) offer a scalable, cost-effective solution for: A 50MW solar plant in Northern Cape reduced curtailment by 32% after deploying EK SOLAR's 20MWh container storage units. Key results: "The modular design allowed phased deployment as our solar capacity grew. Estonia's electricity consumption grew 7. Traditional biomass. In 2023, a mixed-use development in Ülemiste City installed a 2.
