Tashkent Energy Storage: Powering the Future of Renewable Energy

Let's face it--the energy storage game isn't just about stacking lithium-ion cells. Tashkent's approach combines cutting-

- LiFePO₄ Battery, safety
- Wide temperature: -20~55°C
- Modular design, easy to expand
- The heating function is optional
- Intelligent BMS
- Cycle Life: > 6000
- Warranty: 10 years

edge tech with localized solutions, making them a standout ...
