

Tehran container wind power base station

Higer conversion efficiency

CAN/RS485/WIFI/4G
Blue tooth communication

20 Kwh

30 Kwh

50 Kwh

Thick shell, well protection for inside cells

BMS customization supported

The advertisement features three stacks of white, rectangular power units on wheels. The units are arranged in three stacks of increasing height: 3 units (20 Kwh), 4 units (30 Kwh), and 5 units (50 Kwh). Each unit has a small digital display and a control panel. The background shows a house and a clear sky. Technical specifications and communication options are listed in a black box at the top right. Two green callout boxes at the bottom highlight the thick shell protection and BMS customization features.

Tehran container wind power base station

Energy Storage Equipment, Energy storage solutions, Lithium battery

To cope with the problem of no or difficult grid access for base stations, and in line with the policy trend of energy saving and emission reduction, Huijue Group has launched an innovative ...
