

The future trend of wind solar and energy storage

To Strive forward No Energy Waste

- ✓ All in one
- ✓ 100~215kWh High-capacity
- ✓ Intelligent Integration

The future trend of wind solar and energy storage

Wind and solar need storage diversity, not just capacity

In practice, energy storage is often oversimplified as a tool for "capacity compensation"--the idea that merely increasing the scale of storage can bridge the intermittency of ...
