

# The price of solar modules does not include tax

## Overview

---

The IRS allows you to claim a tax credit for home solar panels as part of the residential clean energy credit. The credit is not available for any property placed in service after Decem. You may be able to take the credit if you. You claim the solar tax credit by filing IRS Form 5695 with your federal tax return, allowing you to deduct 30% of your solar installation costs directly from your tax bill.
