

The project has an solar container storage capacity of 1 300MWh

Overview

Huawei Digital Power signed a key contract with SEPCOIII for the Red Sea Project with 400 MW PV plus 1300 MWh battery energy storage solution (BESS). The 1300 MWh off-grid energy storage project is the largest of its kind in the world according to Huawei. The company will provide a 1,300MWh BESS to the Red Sea Project, a huge resort under construction on the Saudi Arabian. Huawei Digital Power has concluded its Global Digital Power Summit 2021 in Dubai, UAE, with more than 500 participants from 67 countries attending, on October 16 and signed a contract for a record storage project. Huawei stated that the energy storage capacity of the project reaches 1300MWh, which is by far the world's largest energy storage as well as. AMEA Power, one of the fastest-growing renewable energy companies, signs Power Purchase Agreements (PPAs) to develop largest solar PV in Africa and first utility-scale battery energy storage system in Egypt. After the successful development of the 500MW Abydos Solar PV Project, AMEA Power has been.
