

The routine of giving gifts when installing photovoltaic panels

Overview

This holiday season, think outside the box and give — or invest in for yourself — the gift of solar panels. A solar panel system as a Christmas gift packs so many benefits! Here are some of the many advantages of spreading the solar power cheer this December (or, 'Tis the season to give tokens of love to the people near and dear to us. Every solar project is like that too, giving back in multiple ways, just by being built and. The Winter Solstice marks the lengthening of the light as the season passes from autumn into winter. Our goal is bold: to install solar on thousands of homes in the coming years — lowering energy bills, protecting families from rising utility costs, and accelerating the transition to clean energy.
