

# Vietnam energy storage companies

## Overview

---

Vietnam has a wide range of companies that help you reduce your energy bills. We present 7 energy storage suppliers in Vietnam that will reduce your energy consumption, saving you money on your bills!. Their modern production facility in Da Nang, Vietnam, allows them to create customized cable trays and accessories that may be integral to energy storage systems. It has been estimated that there will be a power shortage of nearly 400 million kWh in 2021, and it will reach a peak of 13.3. As a leading energy storage solution provider in Vietnam, PC1 offers cutting-edge battery energy storage systems (BESS) that enable efficient energy storage and management. We pioneered the technology over one decade ago, and today almost half our new projects include a storage component. "Energy storage isn't just Vietnam's manufacturing sector grew 8.
