

Waterproof home indoor solar all-in-one machine

Overview

EcoFlow STREAM Ultra is an all-in-one solar battery with a built-in grid-tied microinverter, fully compatible with solar panels and the Shelly Smart Meter. From sunrise, the system captures solar energy and delivers it directly to your home through its grid-tied output. Check each product page for other buying options. Its high-efficiency MPPT technology boosts power output by over 25%, which means you get more from your solar panels without extra effort. This inverter's LCD display makes monitoring voltage, power, and frequency straightforward, and its six protection features add peace of mind.
