PCS EMS

BATTERY /6000 CYCLES

Overview

The Vault is a large, very durable container. It is capable of holding 350 stacks worth of items. If placed in a room, the room needs to be at least 2 walls high, 1 foundation wide and 1 foundation long.

What can be placed in the Ark locker

The linked storage box is a game changer for farming

It can be good at early game if you dont have teleporter, but imo it has a bad design when used for farming, given that you cannot drop items fast with O key like in other containers, ...
